

# Ad-Lib

## REDEFINES THE GENRE OF MULTI-PURPOSE SEATING

by **Senator**

Design PearsonLloyd

With the development of the Ad-Lib family we set out to redefine the genre of multi-purpose seating as we recognised changing needs. The family shares the identical seat and back structure that carries the anatomically formed seat and back plates and provides the foundation of the range.

The sled base stacking variant is seen as a general purpose meeting chair but due to the options it has available is equally at home in social, training, educational and auditorium environments.

The diversity of finish specification options together with the upholstery options give Ad-Lib a truly varied palette.

### STANDARD FEATURES

- Two piece moulded seat and back frame
- Anatomically contoured moulded seat and back panel
- Polished chrome wire frame
- Stacking buffers
- Plastic glides

### OPTIONAL FEATURES

- Fully upholstered seat and back
- Flexible 'Hytrel' back plate
- Back frame with integral arms in a soft touch plastic
- Under-seat stacking shroud (standard with an upholstered seat)
- Detachable writing table
- Plastic glides with felt
- Quick release frame to frame linking
- Seat row identification letters A-Z (26 pieces) and numbers of 1-50 (50 pieces)

### FINISH OPTIONS

- Moulded plastic components available in Light Grey, Anthracite and Black
- Ad-lib can be upholstered in a broad range of contract upholstery fabrics, vinyls and leathers from The Senator Group standard upholstery collection
