

Ad-Lib

REDEFINES THE GENRE OF MULTI-PURPOSE SEATING

by **Senator**

Design PearsonLloyd

With the development of the Ad-Lib family we set out to redefine the genre of multi-purpose seating as we recognised changing needs. The family shares the identical seat and back structure that carries the anatomically formed seat and back plates and provides the foundation of the range.

The conference version with its four star base is seen as a boardroom or meeting chair. The inclusion of the dynamic yoke incorporates a free floating tilt action and seat height adjustment which enhances the ergonomic performance of this chair.

The diversity of finish specification options together with the upholstery options give Ad-Lib a truly varied palette.

STANDARD FEATURES

- Two piece moulded seat and back frame
- Anatomically contoured seat and back panel
- Die-cast aluminium base with plastic capped metal glides
- Dynamic yoke, incorporating seat tilt and height adjustment

OPTIONAL FEATURES

- Fully upholstered seat and back
- Flexible 'Hytrel' back plate
- Back frame with integral arms in a soft touch plastic
- Static yoke with memory return

FINISH OPTIONS

- Die-cast aluminium base with plastic capped metal glides available in Light Grey, Anthracite or Polished aluminium
- Moulded plastic components available in Light Grey, Anthracite and Black
- Ad-lib can be upholstered in a broad range of contract upholstery fabrics, vinyls and leathers from The Senator Group standard upholstery collection
